NSW GOVERNMENT PLANNING

Dear Chris Ritchie

PROJECT: 10_0129 10_0130

I don't support the project.

- 1.It will infringe on our quiet enjoyment in the area. Having the industrial area so close would cause an increase in traffic.
- 2.We have purchased and build a prestige home in the area having a industrial area so close to residential would cause the properties in the area to devalue.
3. It would cause any increase in traffic

Please take this into consideration and let us know the out come.

Yours sincerely
Antonino Musico
