This is a submission objecting to the proposed Port waratah coal services Terminal 4 development in Newcastle (10_0215). **The T4 proposal must not be approved** due to the significant and unacceptable impacts as detailed below.

Please have some long term vision ---
beyond the short term profits that another
coal train terminal will bring.
This is not what I want for me, my family
& community. Another coal loader, yes may
bring more money in the short term but
money \neq well being. I VALUE clean air to
breathe, forests, animals, diversity, mangroves,
fresh organic food, peace, quiet.
Not more trains. Not more coal.
Think Long term. Don't roll over to.

As submission makers are required to disclose political donations totalling \$1000 or more in the past 2 years, I can state that I have not made a disclosable donation. ^{big} _{business}

Your Sincerely,

(Signature)

Dr. Elizabeth Freihaut
