This is a submission objecting to the proposed Port waratah coal services Terminal 4 development in Newcastle (10\_0215). **The T4 proposal must not be approved** due to the significant and unacceptable impacts as detailed below.

The Hunter Valley is turning into a wasteland & dust bowl. ~~Homicide~~!! No more coal mining needed in our beautiful valley - farming land is being depleted and water ways polluted. We have enough dust, degradation and pollution and do not need a 4th Coal Loader.

As submission makers are required to disclose political donations totalling \$1000 or more in the past 2 years, I can state that I **have not made a disclosable donation**.

Your Sincerely,

Helen J. Allan,
