This is a submission objecting to the proposed Port Waratah coal services Terminal 4 development in Newcastle (10_0215). **The T4 proposal must not be approved** due to the significant and unacceptable impacts as detailed below.

Greedy ~~We~~ Need

You can't eat coal.

Food Security

The 4th Terminal would facilitate many more large coal mines (15 Megalibs) in the Hunter.

You have to live here too, as do your children and your children's children.

All for foreign interests as well.
Don't buy the "job creation" lie!!!

As submission makers are required to disclose political donations totalling \$1000 or more in the past 2 years, I can state that **I have not made a disclosable donation.**

Your Sincerely,
