This is a submission objecting to the proposed Port waratah coal services Terminal 4 development in Newcastle (10_0215). **The T4 proposal must not be approved** due to the significant and unacceptable impacts as detailed below.

I am dismayed at the potential

- loss of habitat for 23 threatened species (junks) including the Green + Golden Bell frog.
- the loss of valuable native vegetation + the loss of water habitat
- concerns about the impact on air quality
- concerns re noise + light pollution
- concerns re increased traffic congestion
- " " loss to potential of commercial fishing

As submission makers are required to disclose political donations totalling \$1000 or more in the past 2 years, I can state that **I have not made a disclosable donation.**

Your Sincerely,

(Signature)

(Normally submissions are made public. If this is an issue for you please indicate below)
