

PCU069478

To the NSW Department of Planning and EPYC

My name is Mabel Hawke and my family have a home near the Jupiter wind farm area.

I am shocked about Jupiter wind farm, it really shouldn't be allowed to proceed. My son and his wife have worked a long time to build their home in the country and approval of this wind farm shouldn't be granted.

I am worried about the terrible effect it will have on the beautiful views and the noise at night and it will certainly reduce the value of their home.

It is very unfair and should be rejected.

Thank you

Mabel Hawke
