Re Jupiter Wind Farm Proposal

SSD 13\_6277

I object to the proposed Jupiter wind farm.

I object until such time as your department has provided evidence, which will stand up in court, that the wind farm will not blight the view from my particular property or surrounding areas and will not in any way, such as noise, harm our sleep or health or harm our amenity on this property or in other ways harm our lifestyle, including reception for TV, radio, mobile phone and internet, and that it will not increase the bushfire threat to my property or increase the difficulty of protecting my property from bushfires or devalue my property.

I look forward to the provision by you of fully researched analysis independent of the developer, in relation to this particular property, to establish there will be no harm and, in the absence of such evidence, register my objection.

I have no reportable political donations in the previous two years.
