The Secretary,
Department of Planning & Environment,
GPO Box 39
SYDNEY NSW 2001

Attention: Robert Byrne

Dear Sir

**Proposed Blayney Smallstock Abattoir
State Significant Development SSD 6594**

I am the owner of the property known as Athol at 84 Newbridge Road, Blayney. My wife and I reside in the heritage listed Athol homestead and my wife owns and operates the Athol Gardens reception centre business.

We would be directly, significantly and permanently impacted by the proposed development and accordingly strongly object to it.

My grounds of objection are contained in the following documents lodged separately with the Department:

- (a) a report from SJB Planning dated 25 May 2015 responding on the merits of the proposal, with accompanying expert reports;
- (b) a letter from Maddocks dated 25 July 2015 setting out serious issues going to the legality of any consent issued in response to the EIS ; and
- (c) a letter dated 25 May 2015 from Athol Gardens describing the nature of the business and the impact on the business of the proposed development.

I confirm that I have not made any reportable political donations in the previous two years.

Yours sincerely

D R Somervaille
