Notice of Exhibition**

Dear Ms MacDonald

Thank you for your letter dated 27 April 2015 requesting Transport for NSW (TfNSW) review and comment on the above development application.

TfNSW comments on the above development application are provided below:

**Siding Infrastructure Agreements**

The development is proposed to occur on private land and involves a Private Siding, TfNSW raises no objections to the development. However, TfNSW requests that all appropriate Siding Infrastructure Agreements (SIA's) be thoroughly investigated by the proponent and entered into, and that any appropriate connection agreements are also investigated, negotiated and entered into in accordance with rail standards and procedures.

**Construction Traffic Management Plan**

TfNSW requests that a Construction Traffic Management Plan (CTMP) be prepared in consultation with TfNSW prior to the commencement of construction. The CTMP needs to specify any potential impacts to general traffic, cyclists, pedestrians and bus services within the vicinity of the site from construction vehicles during the construction of the proposed works. Should any impacts be identified, the duration of the impacts and measures proposed to mitigate these should be clearly identified and included in the CTMP.

Thank you again for the opportunity to comment on the development application. If you require further clarification regarding this matter, please don't hesitate to contact Para Sangar, Senior Transport Planner on 8202 2672.

Yours sincerely

22/5/15
