Hi,

I think this ramp is a great idea, saving motorists time. However any idea of a toll charge for it is ridiculous. I understand that costs need to be recouped, however, this can be taken from the regular M2 toll currently in place, without increasing that.

We already have to pay for the Lane Cove Tunnel and the Harbour Bridge. Similar to the M5 East tunnel, this should be free.

This new road is awesome, the toll on it is crazy!

Kind Regards,

Chris.
