Subject: Objection to modification request applications for the concept plan MP 09_0216 and project application MP 09_0219 of the Shepherds Bay Redevelopment

Dear Matthew,

I received a letter from the Planning & Infrastructure department dated 16/01/2014 re the above modifications.

I would like to record my opposition to any changes to these proposed developments on the grounds of over population for the size of the area, the additional burden on the existing high traffic volumes and overcrowding of cars in the local area.

If you require further details please let me know.

Yours sincerely

Antony Brand
