Dear Ms Rose

**Exhibition of Modification Request for Pacific Highway Upgrade -  
Warrell Creek to Urunga**

Thank you for the opportunity to provide advice on the above matter. This is a response from NSW Department of Industry – Geological Survey of New South Wales (GSNSW). The Department of Primary Industries (incorporating advice from Agriculture and Fisheries) and the Forestry Corporation of NSW may respond separately.

**General Information**

GSNSW has no resource issues to raise as there are no current mineral, coal or petroleum titles over the site and the modification should have no impact upon mineral, coal or petroleum resources.

**Geoscience Information Services**

The GSNSW has a range of online data available on line through the following website address:

<http://www.resources.nsw.gov.au/geological/online-services>

This site hosts a range of data to enable research into exploration, land use and general geoscience topics. Additionally, the location of exploration and mining titles in NSW may be accessed by the general public using the following online utilities:

1. **MinView** allows on-line interactive display and query of exploration tenement information and geoscience data. It allows spatial selection, display and download of geological coverages, mineral deposits and mine locations, geophysical survey boundaries, drillhole locations, historical and current exploration title boundaries and other spatial datasets of New South Wales. This online service is available at:  
<http://www.resources.nsw.gov.au/geological/online-services/minview>

2. **NSW Titles** enables the public to access and view frequently updated titles mapping information across NSW. This online service is available at:  
<http://nswtitles.minerals.nsw.gov.au/nswtitles/>

Queries regarding the above information, and future requests for advice in relation to this matter, should be directed to the GSNSW Land Use team at [landuse.minerals@industry.nsw.gov.au](mailto:landuse.minerals@industry.nsw.gov.au).

Yours sincerely

Cressida Gilmore  
Team Leader - Land Use
