Dear Mr Davies

Re Limondale solar farm project – SSD No 8025

I refer to your electronic mail dated 21 April 2017 to the Environment Protection Authority (EPA) requesting our comments on the Environmental Impact Statement (EIS) prepared for the proposed 250 megawatt solar photovoltaic plant located on Yanga Way about 14 kilometres south of Balranald.

The EPA has responsibilities for pollution control and environmental management for scheduled activities under the *Protection of the Environment Operations Act 1979*. Based on the information provided the proposed activity is not a scheduled activity under the Act and the proposed solar farm does not require an Environment Protection Licence.

On this basis the EPA has no further comments to make in relation to this proposal.

If you have any further enquiries about this matter please contact Jason Price by telephoning 02 6969 0700.

Yours sincerely
