**Application: SSI 7485**

Dear Director Transport Assessment Services

I object to the proposed modification to M40-M5Link, Mod 2 The Crescent overpass and changes to pedestrian infrastructure in North Annandale, Rozelle and Rozelle Bay Foreshore area.

My concerns are –

- The removed access to Bicentennial Park and increased traffic along Johnson Street will increase risk to pedestrians and cyclists and reduce their safety
- They will have to cross five (5) sets of traffic lights at the Crescent in order to reach the foreshore from Annandale or from Rozelle Light Rail Stop
- Removal of direct active links to the foreshore, cutting the community off from the area
- Stop the revitalisation of the entire Bays Precinct **(and decrease the property values of any proposed development) including linking the Light Rail and Bus stops to a Ferry wharf and Metro station.**
- Limit movements around the suburb
- Create further congestion in the local streets of Annandale, Forest Lodge, Glebe, Lilyfield and Rozelle with **no planning to deal with these**

**OTHER CONCERNS**

- Increased pollution
- Decrease in potential property values for the developers

**SUBMISSION**

This letter is asking RMS and Project Team to:

- Reinstate the GreenLink connecting communities and green space from Rozelle to Bicentennial Park
- Relocate the design cyclist and pedestrian connections that are continuous, safe and direct
- Design the modifications and infrastructure and links in response to the character of the suburbs, location of the foreshore and its potential (and more valuable) development

- Do not force people and cyclists onto busier streets, unsafe concrete plazas and caged walkways
- Integrate all active transport - **including the future Metro West and Foreshore /Ferry Wharf.**

Yours faithfully
