Attention: Director, Transport Assessments Planning Services  
Department of Planning, Industry and Environment

**Submission: WestConnex M4-M5 Link – Modification 2 The Crescent overpass**  
**Application number SSI 7485**

To the Director,

In regard to the proposed overpass, this particular area of North Annandale should be protected from this intrusion. I understand that a tunnel is an option. The overpass is too close to nearby houses.

The Light Rail Rozelle Bay stop has a nice & settled atmosphere. Buruwan Park, next to the tram stop should be protected as it adds as a buffer between the tram stop and nearby traffic.

Perhaps efforts should be directed to establishing a ferry service to & from Rozelle Bay & extra light rail services. As the nearby Bicentennial Park attracts not only locals but tourists too, this should be encouraged by beautifying the area, not putting in the overpass from The Crescent.

Yours sincerely,

P Davie.
