Ref; Application number SSI 7485.

I wish to object to your plans for that Section of the West Connex covered by:

- Unfiltered exhaust stacks. Please filter the exhaust stacks – its part of living in a city in the 21st century.
- Why, with such short notice, have you introduced an overpass at The Crescent/City West Link at the expense of pedestrian access to the waterfront. Once again local people are disadvantaged.

Please don't say it costs too much, the whole of West Connex will cost billions, try to do a good job, something which Sydney can be proud of.

Thank you,
