**WestConnex M4-M5 Link – Modification 2 The Crescent overpass**

**Balmain East**

I am strongly opposed to the Rozelle Interchange modification involving a new elevated overpass at Annandale.

I am sending my objection to you by email because the reCAPCHA feature on your Planning Portal wasn't functioning.

The reasons for my objection are:

- 1) this proposal ignores the original conditions of consent
- 2) the proposal would **cut off and isolate** residents and pedestrians of Annandale and Lilyfield from the foreshore and Bicentennial Park at Glebe
- 3) the **visual impact** of the large overpass, and obstruction of a significant local mural
- 4) the **noise impact** of the large overpass
- 5) **destruction** of over 70 trees, including large mature fig trees, at Buruwan Park.

For all these reasons at least, this is not a good plan.

Please bury this plan and go back to Plan A underground. The people of the Inner West will thank you, as will visitors wanting to enjoy this area of harbour foreshore and parkland.
