**WestConnex M4-M5 Link – Modification 2 The Crescent overpass**

I strongly object to the sudden introduction of a MASSIVE modification to West Connex which is the proposed Crescent Bypass. This large elevated road will:

- a) increase traffic noise levels for nearby residents
- b) have a negative visual impact
- c) destroy trees
- d) affect pedestrian access

I really feel this planning decision is deceitful and lacks transparency, as it was originally approved as an underground, UNDERPASS.

I intend to make my objection public by attending community rallies, using all forms of social media at my disposal, and obviously with my future voting preference.
