WestConnex M4-M5 Link – Modification 2 The Crescent overpass

Dr Beverley Jan
Petersham

We need an UNDERGROUND **TUNNEL** *not* **Overpass** for Cars at The Crescent Annandale!

An overpass for cars is ugly, noisy, polluting of the air and obstructs the mural.
An underground tunnel is more unobtrusive AND it was promised in the original concept design!

Pedestrians and cyclists need easy access to Jubilee Park and Lilyfield.

We need to save trees and regreen (like with the original cycle path plan) to help the environment as well as aesthetically. DON'T destroy the fig trees!!

We need to be able to turn right from Johnston St into the Crescent to avoid West Link (cater for locals and visitors not just commuters).

Sydney needs to be sustainable and liveable!
