

Application Number SSI 7485
WestConnex M4-M5 Link – Modification 2 The Crescent overpass

James & Susan Wilson
Camperdown

We as nearby residents strongly object to the proposed changes to the already approved interchange design.

In particular we object to:

1. The replacement of the underground tunnel with an elevated roadway. It will be an absolute eyesore and will also allow the road noise to affect many more people.
2. The removal of the streamlined pedestrian access between the goods yard and the Glebe foreshore.
3. The removal of very old established trees in Buruwan Park, which at the lungs of the city.

Please return to the original approved plan.
