Dear Sir/Madam,

I live in the Arbour an over 55 retirement village in Victoria Street, Berry.

Currently we share a driveway Pepper Farm Drive with the Bupa Old Age Home and this situation has become intolerable due to the heavy and speeding traffic at all times of the day and night. Quit frankly given the age of our residents its just a matter of time before the antics of the Bupa traffic causes a death on this road.

Repeated approaches to Bupa Management have fallen on deaf ears and we are left with a problem that could so easily be solved by giving Bupa its own entrance with only a slight modification to the current plans.

What we propose is basically a modification incorporating the two left turn principal suggested by Mr. Gareth Ward MP and one way streets coming onto and out of Victoria Street, i.e.

- From Victoria Street heading south to Nowra, a one way road (50kmph) taking traffic past the Vaninni residence (giving them access) and past Bupa (giving them access) to the highway.
- Heading from Nowra to Kiama a left hand exit at Victoria Street, Leading up to Kangaroo Valley Road roundabouts.
- From the roundabouts a one way, single lane road along Mark Radium Park thus retaining the maximum park area.

We really are supporting Mr Gareth Ward's idea for the road and whilst we are more than happy to talk to you in the interest of saving time would be happy with his representation.

Many Thanks,

Margaret M. Johnstone,
6 Dianella Lane,
Berry, 2535
