Subject: EOI Foxground Berry bypass

To whom this may concern

Boolarng Nangamai Aboriginal Art & Culture Studio in partnership with Boolarng Nangamai Aboriginal Corporation would like to express the following re: The Foxground Berry Bypass

1. That as an organisation we be considered for employment opportunities for
a) Bush regeneration, seed collection, supply of native species from nursery and labouring work needed on the project.
b) Assist with environmental cultural messages and values about the project by way of inclusion in designing signage, rest areas with bush foods & medicine gardens, creating short films about the project as education Cultural Heritage and training and promotion of positive Aboriginal role models involved in Cultural Sites Assessments, RMS employees and contractor affiliated with the project possibly providing the same services.
c) Provide services in public art that meay be required in the project and antigraffitit strategies building upon the RMS project currently in Nowra at the Shoalhaven Bridge.
d) Allow environmental connection and access to Aboriginal people to cultural assets on the project. Please seek our advice throughout the duration of the project and advise us of information about the project - especially in relation to Caring for Country and employment opportunities.

Thank you for the opportunity of having input into the planning as key consideration from local Aboriginal organisation and Aboriginal community perspective

Please feel free to contact us at anytime

With thanks
Kelli and BNACorporation Directors
