---

The Director-Infrastructure Projects,  
Department of Planning and Infrastructure,  
Sydney

Dear Sir,

As the Princes Highway Upgrade project develops, construction will result in significant loss of trees to the south of Berry. As Berry is well known as the Town of Trees, I wish to submit the following:

As a large number of the old stand of gum trees on the western side of the current highway (opposite B109 Princes Highway) and immediately before Schofield's Lane, will be lost, as will the mature line of Poplars and other trees between Schofield's Lane and Hitchcocks Lane, I request that significant planting of similar trees be incorporated as part of the landscaping of this area.

This will allow the continuing vista to be enjoyed and will be important to Berry to enable its "Town of Trees" identification to still be part of its southern entry.

Your consideration of this submission will be appreciated.

Yours sincerely,

Robyn Simond  
B109 Princes Highway,
