Submission re Closure of Victoria Street to Princes Highway

As a relatively new resident of The Arbour - Pepper Farm Drive, which meets Victoria Street, Berry, I am quite opposed to the closure of Victoria Street onto Princes Highway as I believe it will create more traffic chaos in neighbouring suburban streets. In particular the flow of traffic will increase past Berry School as people from The Arbour, The Grange and BUPA staff and visitors as well as tradespersons will have to travel north to access a road to drive south.

I daily experience a constant flow of staff and visitors to BUPA passing along Pepper Farm Drive as this is a shared road for both Arbour residents and BUPA.

Commonsense deems that BUPA should have their own access to their premises further down Princes Highway and other residents in neighbouring streets to Victoria Street also need a safe and easy access to Princes Highway in order to travel south.

I would like to think that the needs of the local people in Berry, a large number of which are senior people, should have easy access to major arterial roads north and south.

Yours sincerely

Heather
