MRS M. HEATH
HEATHFIELD HOUSE
6 LITTLE CORLEIGH
C12 BERRY
RESIDENT OF
THE ARBOUR
024464 3399

Dear Sir/Madam

I wish to object to any closure of Victoria St & Pains Highway
Berry, as you are aware the Arbour, Buford, Grange may need
urgent ambulance & fire brigade attendance. The Masonic home
East should also be included in this, most of the residents
are now well in their 20's. I am 84 & the eldest man here
is 98, with a women 90. We are all 55 and over, all are
retired, superannuated. I believe this applies to the Grangers.
Victoria St is used monthly for markets, also many other
activities. The caravan park adjacent always seems to have occupants.
The school (BERRY PRIMARY) are well catered for & here are
all instructed in road safety. I have seen a bus in
Victoria St, which I presume to have high school students
travelling to & from to Nowra & district.

My home care lady lives at Goolangatta. She has other
clients here at the Arbour, also Grange, Masonic home,
& many private homes.

also each of Arbour, Buford, Grange & Masonic Homes have
staff, more so Buford. I know three of our staff live
south of us.

My bank is at Nowra, I go into Nowra about every two
weeks. I have occasional medical appointments in Nowra.

My daughter lives at Culbura Beach usually "collects" me
on these occasions & "delivers" me home. I visit her
her family some weekends, staying overnight.

Mark Ladwin Park is another way, everyday people with
over to have a cuppa & use toilet. I know there are plans
for an alternative entry/exit. Why!! is money being
spent unnecessary, in my opinion. However a change of Government
may alter this, money is a factor also. However by the time it
becomes a reality I maybe be pushing up the daisies. The
property access for the resident adjacent is also unnecessary.
I moved to the Arbour from Hemelst just on 5 yrs ago.

Yours faithfully

Marie Heath
