Re: Closure of Victoria St onto Princess Hwy.

Dear Sir / Madam,

I feel this is a mistake to completely close Victoria St at the Princess Hwy. A left turn into when traveling from Sydney and a left turn out when traveling to Nowra would be a better option.

This would considerably ease traffic congestion in and around the feeder streets that lead onto Queen St ie: George St, Edward St, Albany St and Alexandra St.

It would also benefit residents at the range, the Harbour and the Masonic Village. I feel more consideration for the people living south of Queen St should be a top priority in this decision making.

Yours Faithfully
CJ Bralley
