Dear Richard,

Thank you for your letter dated 4 November 2008 and the enclosed copies of:

- * Princes Highway Upgrade, Gerringong to Bomaderry, Workshop Report May 2008
- * Gerringong to Bomaderry, Princes Highway Upgrade, Route Options Development, Appendix H - Preliminary Biological Report (Aquatic Ecology and Water Quality Management) November 2007
- * Gerringong to Bomaderry, Princes Highway Upgrade, Route Options Development, Appendix G - Preliminary Biological Report (Terrestrial Flora and Fauna) November 2007

We discussed my concerns about the Flora and Fauna surveys of the “Green” and “Pink” routes at the information session at Berry Agricultural Pavilion on Saturday 25 October 2008.

You assured me that a copy of the spring survey in the vicinity of these routes will be made available to me. I look forward to receiving a copy and being able to respond.

Yours Sincerely
