Hi Fadi,
I've gone through your attached documents with my colleague Edward (cc:d). Based on EPA's and Health's responses and in light of the 4 mg/m3 limit assigned to subsequent tunnels after NorthConnex, we do not foresee any issues. However, we will aim to speak with Chris Armstrong over the next few days to confirm his position matches ours.

Thanks
Carrie

Dear Carrie

The Department of Planning, Industry and Environment has received a Modification Application and Report for the NorthConnex MOD 3 - ventilation outlet limit (SSI-6136).

The Modification Report will be publicly exhibited from 30/08/19 to 12/09/19.

The Department invites you to comment on the modification, including advice on recommended conditions by the due date.

Please find attached a copy of the modification request and supporting documentation.

If you have any enquiries, please contact me directly.

Regards

Fadi
