Dear Michelle

re: Hill Top Regional Shooting Complex
and the NSW Department of Sport
applying to remove the restriction
on gun noise as the 800m
range was found to be outside
the legal limit.

I am asking you please do not
allow this, you'll not say a lot
as I feel that things have probably
already been decided in favour of
the shooting complex, as we
all now the residents don't
really matter, we are not a rich,
affluent area.

We hear the gunfire now.

- it disturbs us
- it disturbs our horses (wait till they
loudly)
- it disturbs our dogs.
- it disturbs our property value
and I am so sick of having the stress of
this on my mind.

please at least stop the noise increasing.
We both now you glad you don't live
near, I bet you can imagine what
it will be like for us, but you will
never experience it.

Thank you

Kristina Creery
