Dear Ms Carmsie,

Re Application number MP 06-0232 Mod 4

I do object to the modifications to the "Southern Highlands Regional Shooting Complex".

I have objected to the proposed Regional Shooting Complex from the outset. Increasing the noise level or modifying the consent will only serve to make me more opposed to it than I already am, if that were possible.

We live in a highrisk fire area, and thus a little thoughtfull action by people who are not aware what can happen, can give great consequences.

It will spoil what was a lovely, quiet, rural village.

Yours faithfully,  
Mrs K. Starrenburg
