

## **SUBMISSION**

### **WARKWORTH CONTINUATION - 2014**

I object to the Warkworth Continuation – 2014 extension.

The fact that this foreign-owned mining company has submitted this project shows a blatant lack of procedural fairness.

This is the same project which, together with the Mount Thorley Continuation – 2014 project was rejected by the Land and Environment Court and the Supreme Court.

To allow this foreign-owned mining company to encroach to within 2.6 kilometres of this historic village where I and my forbears grew up is a sad situation and shows the NSW Government and Rio Tinto have no consideration for the village or it's residents.

How many more small villages in the Hunter Valley are going to disappear at the hands of these greedy mining companies, the NSW Government and it's Planning Department?

Mining contributes much less to the NSW economy than the spin from these foreign-owned companies would have the wider Community believe. Most of the profits from these mines go overseas.

This project must be rejected.
