To Whom It May Concern,

## **LETTER OF SUPPORT – HEALTH PRECINCT STAGE 1**

St Andrew's College is pleased to write in support of the Development Application for the Susan Wakil AO Health Building, Health Precinct Stage 1 within the University of Sydney.

As one of the Precinct's adjacent neighbours, St Andrew's has engaged with the University's consultation process through a process involving Stakeholder Information Sessions and has welcomed a briefing from the project's key staff at the College on 6 September 2017.

After considering the significant benefits that this development will provide to the University of Sydney students, the Royal Prince Alfred Hospital and the broader community, St Andrew's College expresses its support for the Development Application as submitted.

Yours faithfully,

Wayne Erickson  
Principal
