**Subject:** **Bango Wind Farm / Neighbour Agreement**

Hi Richard and Jane,

Thank you again for your time in Canberra and at Brookdale to discuss the Bango Wind Farm project. As we discussed, we are seeking a Neighbour Agreement with you for your residence at Brookdale, and are open to consideration of fencing and road base laying as part of that agreement.

In order to progress the concept, would you be willing to seeking some proposals for the works for our consideration? Based on our last conversation, these would be for 12km of fencing and 1.5km roadway from the Laverstock Road into Brookdale.

I look forward to talking with you soon,

*Regards, Siobhan*

**Subject:** RE: Bango Wind Farm / Neighbour Agreement [SEC=UNOFFICIAL]

Hi Richard,

My apologies for not responding to you sooner. Yes, if you are in a position to collect some quotes for the works we have discussed and that you've noted below, it will assist to progress our discussion about a Neighbour Agreement and work towards an amenable position.

I take your point regarding previous conversations with Adrian Maddocks. As Ed noted in our meeting however, there have been a number of changes in the last 18 months, including a change in project management, start of construction of your residence and changes to the Project layout, resulting in a reduced number of turbines. These developments provide both yourselves and us with an opportunity to start a fresh conversation about the Project and your situation.

I look forward to speaking with you in the new year and hope that you have an enjoyable Christmas and New Year,

*Regards, Siobhan*
