

Sally Williams

18 SALMON CIRCUIT

South West Rocks 2431

10th AUGUST 2011

Dear Sir / Madam

Re: Application No. 09-0019 Riverside Tourist Cabins at
New Entrance Road, South West Rocks

I write to express my objections and concerns to
this application for cabins in New Entrance Road

1. Firstly this Developer had stringent restrictions
when the Tavern was built. As this land is
7d Scenic Protected this would apply to this complex
One of the requirements was that the building not
impact on the visual scene. These proposed
cabins on stilts could hardly comply with
these set of guide lines
2. Already in this little town there is an
over supply of cabins + units
3. In the recent floods this land was
completely inundated to the depth
of over three feet.

Yours sincerely

S Williams
