Dear Sir,

RE: WELLINGTON POWER STATION – MODIFACTION 2

I wish to lodge my support for ERM Power's proposed modification of the Project Approval.

I believe the power station will be of great benefit to the Wellington community. It will create jobs and opportunities for locals who are all looking forward to this project being up and running.

ERM Power is well known in the town and has a good reputation. I don't see any reason why they shouldn't be given more time to build their station.

Yours sincerely,

David Baxter (*Director*)
