Dear Sir

**Re: Modification Request  
Wellington Gas Fired Power Station  
Application no. MP 06 0315 Mod 2**

We refer to Modification Request in respect of the Wellington Gas Fired Power Station.

McGirr Family Hotels fully supports the extension of the lapse date by 5 years and changes to the power station configuration.

It is important that this development proceed as it would be a benefit not only to Wellington but to the State of New South Wales.

Clearly the application has taken into account nature conservation issues and it appears therefore that not only is this an economic win but will be an environmentally enhancing project.

Yours faithfully

Paul McGirr
