**Subject:** Opposition to Proposed Wellington Gas Fired Power Station

Dear Karen,

I am writing to you to oppose the Gas fired power station proposed for the outskirts of Wellington, NSW. I am a long term resident and I strongly object to the construction of this power station. Wellington is a beautiful, quiet and peaceful town and the last thing we need is a gas fired power station being built in such close proximity to the Town.

I believe we are not being given the relevant information regarding the project, and that there are too many grey areas involving noise and health side effects associated with similar plants in NSW,

and we may not find out the truth until it is too late.

Regards,

Simone Keirle
