

Attention KAREN JONES

As a long time resident & business owner i Have Serious concerns about the proposed Wellington Gas Fired Power Station. The noise Issues will be to close to Town As the town is already struggling i think this will have a serious affect on the town & Real estate Sure there will be jobs when being built but when finished the workers will live in dubbo or Mudgee & Travel to work in wellington like they do with Wellington Jail. Yours Andrew byrne. 0418636659
