Dear Sir/Madam

**Submission in Support of Development Application for the Rye Park Wind Farm,  
15-40 km north of Yass, approx. 3-4 west of Ryde Park, 250 km south west of Sydney**

I am writing in support of the Rye Park Wind Farm (**Development Application SSD 6693**).

I am a landowner who could potentially host some wind turbines under the proposal. Trustpower will pay me rent to do so. This compensation will help me enormously with the costs of operating my farm, particularly when times get tough.

The money that the project will bring to our town through the compensation for landowners (and our neighbours, who will also receive a compensation) will help our local economy to flourish. During the construction, we'll have an extra 369 people working and spending their money in our community. This will create more jobs for our local people through the requirement for more local goods and services such as accommodation, engineering, earth works services, fencing and landscaping.

I see that these economic benefits will lead to a burgeoning economy for our region and so I see this project as advantageous for our community.

Sincerely

**Kelvin George**
