Dear Sir/Madam

**Submission in Support of Development Application for the Rye Park Wind Farm,
15-40 km north of Yass, approx. 3-4 west of Ryde Park, 250 km south west of Sydney**

I am writing in support of the Rye Park Wind Farm (**Development Application SSD 6693**).

It is my understanding that the project will create 35 ongoing full time jobs (and more than 300 during construction) and generate \$3.6 million per annum to support our region's economy, providing new streams of income for farmers and other local businesses, through the Community and Community Enhancement Fund. The creation of jobs will be great for our region and the rent we would receive as hosts of the turbines would help enormously on a personal level to ease the financial pressures of rural land ownership, but will also be of great benefit to our community economy because it will be spent within the region.

I support the development of Rye Park Wind Farm and welcome the turbines on my land for the greater good of this community.

Sincerely

Lauren Winzar
