Proposed Modification to Wilpinjong Coal Mine

To Whom It May Concern:

Im writing to show my support for the proposed modification 5 to Wilpinjong Coal Mine.  
My family feel the coal mines are great for the Mudgee community and local business , you only have to look around the town to see all the new housing developments and locals working onsite from plumbers , electricians , tilers , tradesman etc there is a lot of money going back into the town and community.  
My children play sports and i can even see how the mines help the town, because the local businesses are doing so well they sponsor the local sports groups which help the children and young people.

Yours Truly

Robert Elliot
