Objection

Wilpinjong Coal Mine Modification 6
MP 05_0021 MOD 6

Dear Sir,

I object to the proposed Wilpinjong Coal Mine Modification 6 for the following reasons:

1. The increase in extraction of coal from 15 million tonnes per year to 16 million tonnes per year will cause unacceptable impacts on the environment and community of Wollar
2. Peabody Energy has not managed spontaneous combustion events with existing operations
3. The cumulative social impacts on the Wollar community have not been assessed

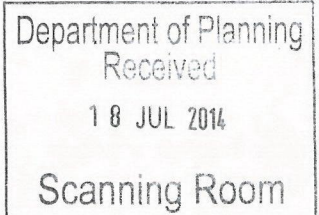

Other comments:

Signature: *A Elliott*

Date: 12/7/14

Name: *Ashleigh Elliott*

Address: 1613 Laheys Creek Road, ^{Wilpinjong} NSW 2852.
