Dear Sir/Madam,

Flyers Creek Wind Farm (Modification 3)

Reference is made to the Department's correspondence dated 18 May 2017 requesting comments on Modification 3 of the Flyers Creek Wind Farm proposal.

The Rural Fire Service (RFS) has reviewed the plans and documents received for the proposal and subsequently raise no further concerns or issues. The proposal is to comply with the conditions issued by the RFS dated 26 July 2013.

With regard to the request to amend Condition D20 of the existing conditions of Project Approval, insufficient evidence has been provided justifying this amendment. The RFS is willing to review the proposal once information has been provided explaining the reasons for the amendment.

If you have any queries regarding this advice, please contact Lucy Donnelly Development Assessment and Planning Cadet Officer, on 1300 NSW RFS.

Yours sincerely,

Jason Maslen
