Date: 24th November 2011

Our Ref: CSO/000/11

Dear Mr Philp,

Subject: Exhibition of Environmental Assessment for Flyers Creek Wind Farm (MP08_0252)

Thank you for the information I received on the 20th October 2011 regarding comment on the Flyers Creek Wind Farm proposal.

The correspondence that you previously received from the NSW Rural Fire Services Development Control division adequately covers the requirements of the Service in regards to Bushfire response and prevention.

Therefore the Region West Office of the NSW Rural Fire Service has no objections to the proposal providing the comments received previously are adopted.

Regards,

Simon Curry
Regional Community Safety Manager
NSW Rural Fire Service
Region West
