Dear Sir,

Re: FLYERS CREEK WIND FARM MP08_0252

I, Carl Nolan, am aware of the proposal to construct up to 44 wind turbines in the Flyers Creek area, approximately 20 kilometres from Orange, NSW.

I give/do not give permission for my personal details to be released to the proponent, the public or any other government department.

I wish to lodge my objection to this wind turbine proposal because of the following:

- ☐ Health Impacts
- ☐ Noise pollution both audible and infrasound
- ☐ Visual Pollution and increasing turbine size
- ☐ Lack of community consultation and transparency
- ☐ Contractual secrecy containing gag clauses
- ☐ Destruction of flora and fauna
- ☐ Devaluation of affected land and surrounding land
- ☐ Safety issues relating to blade throw and fire dangers, and the inability to fight fires near turbines
- ☐ Danger to low flying agricultural air craft
- ☒ Shadow Flicker
- ☐ Further damage to already dangerous country roads
- ☐ Destruction of historic, heritage and cultural areas
- ☐ Reduced agricultural productivity
- ☐ Division of rural communities and alienation within families
- ☐ Destruction of rural social infrastructure
- ☐ Enforced tax payer subsidies to the wind turbine industry
- ☐ Inefficient and intermittent electricity production
- ☐ Inability to produce base load power
- ☐ Inadequate or non-existent provision for decommissioning and removal of old turbines

I therefore petition the Department of Planning & Infrastructure to disallow this proposal and look forward to your Department's favourable consideration of this submission.

Yours faithfully,
