Dear Sir.

## Re: FLYERS CREEK WIND FARM MP08\_0252

..., am aware of the proposal to construct up to 44 wind turbines in the Flyers Creek area, approximately 20 kilometres from Orange, NSW.

I legize/do not give permission for my personal details to be released to the proponent, the public or any other government department.

I wish to lodge my objection to this wind turbine proposal because of the following:

✓ Health Impacts
 ✓ Noise pollution both audible and infrasound
 ✓ Visual Pollution and increasing turbine size
 ✓ Lack of community consultation and transparency
 ✓ Contractual secrecy containing gag clauses
 ✓ Destruction of flora and fauna
 ✓ Devaluation of affected land and surrounding land
 ✓ Safety issues relating to blade throw and fire dangers, and the inability to fight fires near turbines
 ✓ Danger to low flying agricultural air craft
 ✓ Shadow Flicker
 ✓ Further damage to already dangerous country roads
 ✓ Destruction of historic, heritage and cultural areas
 ✓ Reduced agricultural productivity
 ✓ Division of rural communities and alienation within families
 ✓ Destruction of rural social infrastructure

Enforced tax payer subsidies to the wind turbine industry

☑ Inefficient and intermittent electricity production

Inability to produce base load power

I therefore petition the Department of Planning & Infrastructure to disallow this proposal and look forward to your

☑ Inadequate or non-existent provision for decommissioning and removal of old turbines
