

If one quarter of households in Area had solar panels!! This would be so much more visually pleasing and cheaper if government kept their noses out of organisation. 12-12-11

Dear Sir,

Re: FLYERS CREEK WIND FARM MP08\_0252

..., am aware of the proposal to construct up to 44 wind turbines in the Flyers Creek area, approximately 20 kilometres from Orange, NSW.

I ~~give~~/do not give permission for my personal details to be released to the proponent, the public or any other government department.

I wish to lodge my objection to this wind turbine proposal because of the following:

- ☐ Health Impacts
- ☒ Noise pollution both audible and infrasound
- ☒ Visual Pollution and increasing turbine size
- ☒ Lack of community consultation and transparency
- ☐ Contractual secrecy containing gag clauses
- ☐ Destruction of flora and fauna
- ☒ Devaluation of affected land and surrounding land
- ☒ Safety issues relating to blade throw and fire dangers, and the inability to fight fires near turbines
- ☒ Danger to low flying agricultural air craft
- ☒ Shadow Flicker
- ☒ Further damage to already dangerous country roads
- ☐ Destruction of historic, heritage and cultural areas
- ☒ Reduced agricultural productivity
- ☒ Division of rural communities and alienation within families
- ☐ Destruction of rural social infrastructure
- ☒ Enforced tax payer subsidies to the wind turbine industry
- ☐ Inefficient and intermittent electricity production
- ☒ Inability to produce base load power
- ☐ Inadequate or non-existent provision for decommissioning and removal of old turbines

re. on news regarding storm near Britian

Big on gas  
I drive along road to a farm work

Big one

I therefore petition the Department of Planning & Infrastructure to disallow this proposal and look forward to your Department's favourable consideration of this submission.

Yours faithfully,
