Dear Mr Philip

Re: Submission re. Flyers Creek Wind Farm (Application MP08-0252)

I understand that Flyers Creek Environment Assessment (EA) is now on public display.

I am writing to voice my support for the project. I have no objections to the Flyers Creek Wind Farm project.

I am a landowner within the Flyers Creek Area and do not envisage the Flyers Creek Wind Farm will have a detrimental affect on the area. In fact, I believe there will be environmental and financial gains for the area.

I am very happy to discuss this matter further. I can be contacted at work on 63616911.

Yours faithfully
