Mr Toby Philip
Senior Planning Officer
NSW Department of Planning
23-33 Bridge Street
SYDNEY 2000

Dear Mr Philip

Re: Flyers Creek Wind Farm (Application MP08-0252)

I am writing in regard to the Flyers Creek Environment Assessment (EA) that is now on public display.

I am a landowner in the Central West of NSW and fully support the development of the Flyers Creek Wind Farm.

Not only does the development create jobs in the area but it also promotes Australia's vision to increase the use of sustainable power production.

I believe there should be more projects such as this to showcase Australia's progression in technology and commitment to a sustainable future.

If you have any further queries please do not hesitate to contact me on 0400 449 252.

Regards,

Mitch Wilson
