Business + jobs = prosperity

Local economy improved - fill the empty shop fronts.
Brought proof region by bringing water into
the Murray Darling Basin while building the
infrastructure to move it 90 km.

Reason:

Our region was founded in the gold rush.
Farms and Mines have co-existed for generations.
There is gold there so it needs to be mined,
leaving it there would be simply stupid.

I ~~have~~ have not made any political donations in the last two years. (If yes please disclose)
